# SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

---

## FORM 10-QSB

(Mark One)

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the Quarterly Period Ended September 30, 2001**

or

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the transition period from \_\_\_\_\_ to \_\_\_\_\_**

**Commission file number 0-21846**

---

### **AETHLON MEDICAL, INC.**

(Exact name of registrant as specified in its charter)

**NEVADA**

(State or other jurisdiction of  
incorporation or organization)

**13-3632859**

(I.R.S. Employer Identification No.)

**7825 FAY AVENUE, SUITE 200,  
LA JOLLA, CA**

(Address of principal executive offices)

**92037**

(Zip Code)

**(858) 456-5777**

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes  No

The number of shares of common stock of the registrant outstanding as of September 30, 2001 was 3,738,997.

**AETHLON MEDICAL, INC. AND SUBSIDIARIES**  
*(A Development Stage Company)*  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**September 30, 2001**

**NOTE 1. BASIS OF PRESENTATION**

The accompanying unaudited condensed consolidated financial statements of Aethlon Medical, Inc. (the "Company") have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended September 30, 2001 are not necessarily indicative of the results that may be expected for the year ending March 31, 2002. For further information, refer to the Company's Annual Report on Form 10-KSB for the year ended March 31, 2001, which includes audited financial statements and footnotes as of and for the years ended March 31, 2001 and 2000.

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS**

***Principles of Consolidation***

The condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Hemex, Inc., Aethlon, Inc., Syngen Research, Inc., and Cell Activation, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

***Loss per Common Share***

Loss per common share is based on the weighted average number of shares of common stock and common stock equivalents outstanding during the year in accordance with Statement of Financial Accounting Standards No. 128, "Earnings per Share."

Securities that could potentially dilute basic loss per share (prior to their conversion, exercise or redemption) were not included in the diluted-loss-per-share computation because their effect is anti-dilutive.

### **Recent Accounting Pronouncements**

Effective April 1, 2001, the Company adopted Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"), as amended. Since the Company does not presently engage in activities covered by SFAS 133, there was no significant effect on the Company's September 30, 2001 financial statements.

In July 2001, the Financial Accounting Standards Board issued Statements No. 141, "Business Combinations" ("SFAS 141") and No. 142 "Goodwill and Other Intangible Assets" ("SFAS 142"). SFAS 141 supersedes APB Opinion No. 16, "Business Combinations" and FASB Statement No. 38, "Accounting for Pre-acquisition Contingencies of Purchased Enterprises". SFAS 141 is effective for fiscal years beginning after June 30, 2001 and requires that all business combinations be accounted for by a single method, the purchase method. SFAS 142 supersedes APB Opinion No. 17, "Intangible Assets". SFAS 142 is effective for fiscal years beginning after December 15, 2001 and provides that all existing and newly acquired goodwill and intangible assets will no longer be amortized but will be tested for impairment annually and written down only when impaired. Management has not determined

8

---

whether the requirements of such pronouncements will have a significant impact on the Company's future financial statements.

### **Reclassifications**

Certain amounts in the September 30, 2000 financial statements have been reclassified to conform to their September 30, 2001 presentation.

### **NOTE 3. NOTES PAYABLE**

As of September 30, 2001, all outstanding 12% promissory notes in the aggregate principal amount of \$1,365,000 from private placement offerings have reached their one-year maturity, and interest on such notes for periods after maturity is accruing at the annual rate of 15%. The Company is seeking other financing arrangements to retire these notes.

### **NOTE 4. CONVERTIBLE NOTES PAYABLE**

In September 2001, the Company issued a convertible note payable ("Convertible Note") in the amount of \$25,000 to an investor, bearing interest at 10% per annum, with principal and accrued interest due April 2002. The Convertible Note requires no payment of principal or interest during the term and may be converted to common stock of the Company at the conversion price per share of \$1.25 at any time at the option of the holder. The value of the beneficial conversion feature for this Convertible Note was estimated to be approximately \$25,000 and was expensed as interest.

### **NOTE 5. GOING CONCERN AND LIQUIDITY CONSIDERATIONS**

The accompanying condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business. The Company has experienced a loss of approximately \$10.6 million for the period from January 31, 1984 (Inception) through September 30, 2001. The Company has not generated significant revenue or any profit from operations since inception. A substantial amount of additional capital will be necessary to advance the development of the Company's products to the point at which they may become commercially viable. Such factors indicate that the Company may be unable to continue as a going concern for a reasonable period of time. Management is in discussions with potential investors to pursue additional capital infusions into the Company, which management believes are necessary until such time that revenues materialize and profitability levels are achieved.

The condensed consolidated financial statements do not include any adjustments relating to the recoverability of assets that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to obtain additional financing as may be required, and generate sufficient revenue and operating cash flow to meet its obligations on a timely basis.

### **NOTE 6. COMMITMENTS AND CONTINGENCIES**

The Company is obligated under various agreements to register shares of its common stock, including the common stock underlying certain convertible notes, warrants and options. The Company is subject to penalties for failure to register certain convertible notes, the amount of which could be material to the Company's financial condition, results of operations and cash flows. The Company filed a registration statement on Form SB-2 with the Securities and Exchange Commission in December 2000 to register the necessary securities. However, such registration statement was never considered effective and management intends to withdraw the Form SB-2 and file a new registration statement on Form S-3. Management is currently unaware of other potential claims (see below) related to the lack of registration and plans to file a revised registration statement.

9

---

During the quarter ended September 30, 2001, the Company issued 70,586 shares of common stock to the holder of the \$395,000 convertible notes in exchange for a waiver of any penalties through October 15, 2001. Additional shares of common stock may be issued in exchange for an extension of this waiver of penalties by the investor through the date the registration statement on Form S-3 is filed and has become effective. The Company has recorded an expense of \$97,550 in connection with such stock issuance.

#### **NOTE 7. SUBSEQUENT EVENTS**

In October 2001, the Company issued additional convertible notes payable ("Convertible Notes") totaling \$70,000 to certain investors, under the same terms described in Note 4. Principal and accrued interest on these Convertible Notes become due April 2002.

10

---

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION**

### **Results of Operations**

Aethlon Medical is a development stage therapeutic company and we have not yet engaged in significant commercial activities. We are developing new treatments for the removal of targeted viruses and other intoxicants from the blood based on our proprietary Hemopurifier™ platform technology. Our lead product candidates, AEMD-45 and AEMD-61, are HIV-Hemopurifiers™, designed to fill the urgent need for new HIV/AIDS treatments that are effective in reducing viral load, have fewer side effects, decrease treatment resistance, and protect immune functions.

During the quarter ended September 30, 2001 we completed pre-clinical studies demonstrating a 55% removal of HIV from whole human blood in three hours and an 85-100% removal of HIV during the equivalent of one overnight treatment.

Consolidated operating expenses for the quarter ended September 30, 2001 totaled \$626,842 compared to \$714,096 in the prior-year quarter, representing a decrease of \$87,254 or 12.2%. This decrease is a result of lower interest and debt expense, personnel expenses and rent, partially offset by increased professional fees to complement our internal expertise.

We recorded a consolidated net loss of \$724,392, or \$(0.20) per share and \$713,744, or \$(0.26) per share during the second quarter of fiscal year 2002 and 2001, respectively. Net income for the quarter was negatively impacted by a non-cash charge of \$97,550 related to the issuance of 70,586 shares of common stock to the holder of certain convertible notes. We issued these shares in exchange for a waiver of penalties resulting from the delay in registering the underlying common stock. We expect to file a registration statement on Form S-3 during the third quarter of fiscal year 2002 and anticipate additional penalty charges through the date the registration statement is filed and has become effective.

Consolidated operating expenses were \$1,286,424 for the six months ended September 30, 2001, versus \$1,361,201 for the comparable period in fiscal year 2001. This decrease in operating expenses of \$74,777 or 5.5% is largely attributable to the decrease in interest and debt expense during the first half of fiscal year 2001. Increased professional fees were partially offset by lower personnel expenses and rent as a result of the consolidation of our facilities earlier this year.

We recorded a consolidated net loss of \$1,383,974, or \$(0.39) per share and \$1,340,187, or \$(0.48) per share for the six months ended September 30, 2001 and 2000, respectively.

During the fiscal year 2002, we plan to continue our research and development activities related to our Hemopurifier™ platform technologies, with particular emphasis on the advancement of our lead product candidates, AEMD-45 and AEMD-61, and the treatment of other infectious diseases, such as Hepatitis C.

We continue to carefully align our capital needs with the funding received and are pursuing various funding alternatives to support our business plan going forward.

### **Liquidity and Capital Resources**

During the fiscal year ended March 31, 2001, we financed our research and development activities through the private placement of approximately \$1,365,000 notes bearing interest at 12% per annum and convertible notes in the amount of \$395,000 bearing interest at 8% per annum. As of September 30, 2001, all of the 12% notes matured, increasing the interest to 15% per annum and we are seeking other financing arrangements to retire these notes.

During the fourth quarter of fiscal year 2001, we entered into a Subscription Agreement under which we received gross proceeds of approximately \$856,000, of which \$756,000 were received during the first half of fiscal year 2002. We incurred issuance costs of approximately \$44,000. The proceeds

11

---

were used in part to fund operating expenses as well as to reduce existing accounts payable and related party liabilities.

In September and October 2001, we issued convertible notes totaling \$95,000 bearing interest at 10% per annum, to cover short-term capital needs.

We expect to raise additional capital within the next nine months to fund our research and development activities and anticipated

operations.

Our operations to date have consumed substantial capital without generating revenues, and we will continue to require substantial and increasing capital funds to conduct necessary research and development and pre-clinical and clinical testing of our Hemopurifier products, and to market any of those products that receive regulatory approval. We do not expect to generate revenue from operations for the foreseeable future, and our ability to meet our cash obligations as they become due and payable is expected to depend for at least the next several years on our ability to sell securities, borrow funds or some combination thereof. Our future capital requirements will depend upon many factors, including progress with pre-clinical testing and clinical trials, the number and breadth of our programs, the time and costs involved in preparing, filing, prosecuting, maintaining and enforcing patent claims and other proprietary rights, the time and costs involved in obtaining regulatory approvals, competing technological and market developments, and our ability to establish collaborative arrangements, effective commercialization, marketing activities and other arrangements. We expect to continue to incur increasing negative cash flows and net losses for the foreseeable future.

At the date of this report, we do not have plans to purchase significant amounts of equipment or hire significant numbers of employees prior to successfully raising additional capital.

## **FORWARD LOOKING STATEMENTS**

All statements, other than statements of historical fact, included in this Form 10-QSB are, or may be deemed to be, "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended ("the Securities Act"), and Section 21E of the Securities Exchange Act of 1934 ("the Exchange Act"). Such forward-looking statements involve assumptions, known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of Aethlon Medical, Inc. ("the Company") to be materially different from any future results, performance, or achievements expressed or implied by such forward looking statements contained in this Form 10-QSB. Such potential risks and uncertainties include, without limitation, completion of the Company's capital-raising activities, FDA approval of the Company's products, other regulations, patent protection of the Company's proprietary technology, product liability exposure, uncertainty of market acceptance, competition, technological change, and other risk factors detailed herein and in the Company's other filings with the Securities and Exchange Commission. The forward-looking statements are made as of the date of this Form 10-QSB, and the Company assumes no obligation to update the forward-looking statements, or to update the reasons actual results could differ from those projected in such forward-looking statements.
